

Cloud Nebula

Music and Libretto by Scott Patterson

Story by Scott Patterson, Eric T. Styles and Preston Andrew Patterson

Cloud Nebula is produced by Afro House.
Image credit: Dagfoto

Cloud Nebula is an Afrofuturistic opera-ballet in three acts. The story delves into the world of General Levi Kimfasha, who creates a second sun. As the new and unstable star expands, it throws the entire solar system out of balance, bringing the nation's inhabitants to the verge of extinction.
